**STATEMENT OF SUPPORT
FOR THE RECOGNITION OF UPHYMOB LEARNING OUTCOMES**

I, the undersigned,

representing _____

hereinafter referred to as "stakeholder"

for the purposes of participating in the project UpHyMob, hereinafter referred to as "the project", hereby approve of the learning outcomes developed by the Erasmus+ Project UpHyMob consortium, because the following skills are currently required for the upskilling of Hydrogen mobility technicians' workforce:

1. To Understand hydrogen fuel properties and behaviour	5. To Review response plans based on experience	9. To Identify typical ignition sources and other potential hazards	13. To Use protocols and routines, control and problem solving
2. To Know and understand the procedures of hydrogen fuel properties	6. To Identify and addresses concerns regarding the safe use of hydrogen	10. To Understand First aid, emergency, and response procedures	14. Unloading process of hydrogen transport trucks
3. To Possess an appropriate knowledge of the installation HRS	7. To Understand the properties of hydrogen: to understand the main differences with other fuels in terms of safety aspects	11. To Acquire knowledge Hydrogen vehicles	15. To Understand HRS parts and operations refuelling vehicles
4. To Solve problems in an effective and safe way when it is required	8. To Recognize and identify hydrogen vehicles, stationary power generators, storage containers, and refuelling equipment	12. To Understand H2 combustion. Internal combustion engines, boilers, and turbines	16. To Possess an appropriate knowledge HRS maintenance and safety operation.

Please indicate in which way you would like to support the Project:

- ensuring local promotion
- encouraging other stakeholders
- disseminating information about the project on social media
- disseminating project information through printing posters, flyers, brochures
- using UpHyMob contents in in-house training
- exploiting the project's results
- being open to start the integration process in national qualification systems
- other: _____

I hereby acknowledge that my organization is interested in contributing to the advancement of the project's objectives and in improving the supply and quality of VET training in the H2 mobility sector. Through completing my full name below I accept that I have signed this document.

NAME, SURNAME _____

Place, Date _____

This is not a legally-binding document. By signing this document you are not obliged to fulfil the before mentioned activities. It is intended purely to provide an overview of the kind of activities that might support the Project in any way and to serve as a basis for discussion and communication. Consequently, it is subject to change.
